

The Dental  
Mission Project  
Society

**Thank You for Your Support**

## The Dental Mission Project

The Dental Mission Project Society (TDMP) is a non-profit organization that was formed to support developing countries in desperate need of oral health care, prevention and education.

TDMP is committed to supply portable dental equipment and supplies to dental teams wishing to travel locally and internationally to provide volunteer dental services to people in need.

With the logistical support of Patterson Dental, TDMP is committed to providing oral health care treatment and education to marginalized populations, regardless of their religious or political beliefs, economic or social circumstance.

***Thank You for  
Your Generosity***

## How You Are Making a Difference

Your tremendous financial support along with other friends and colleagues has helped support invaluable missions serving people in Guatemala, Mexico, Bhutan, Philippines, and Penelakut First Nation in British Columbia. TDMP has also been able to purchase four complete sets of portable equipment which provide invaluable on sight care and service for patients.

Service and education are central to The Dental Mission Project Society. With your support, we are very pleased to announce the creation of the **Carlos Carrillo Endowment Award Fund** at the UBC Faculty of Dentistry. This award is granted each year to a community-minded UBC dental student who has shown extraordinary dedication and commitment to making a difference in our community.

TDMP will partner with UBC Dentistry in the "Adopt-a-School Program" to make a difference in oral health care and education at Florence Nightingale Elementary School in East Vancouver. This school, as identified by Vancouver Coastal Health, has an extremely volatile and high risk population of children faced with oral disease.

## Make It Count

Please take a moment to look at our website [www.thedentalmissionproject.com](http://www.thedentalmissionproject.com) and consider continuing your support to help us carry on the great success of both local and international dental mission projects.

You will receive a tax receipt from UBC for your generous donation and 100 percent of your gift will go directly to the dental mission projects. There are no administrative costs or salaries generated at TDMP.

If you have any questions, please do not hesitate to contact Dr. Doug and Susan Nielsen at (604) 277-1131 or Jane Merling, Director of Development & Alumni Affairs, UBC Dentistry, at (604) 822-5886, or [merling@dentistry.ubc.ca](mailto:merling@dentistry.ubc.ca)
